

# Visit to Leiria. Monday 27th May 2013

In class, classes about 26 but if have special needs children then cannot have class of more than 20.

Eldest class 10-11 Years old

Class - 7-8 Years

Class 9-10 Years

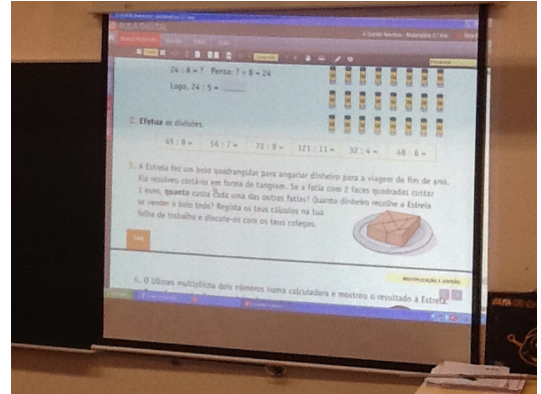

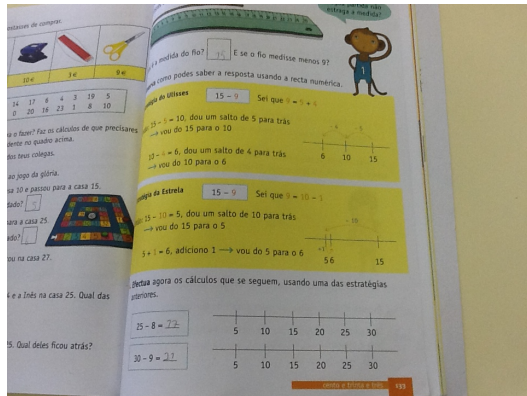

## Maths Lesson

Started with a computer programme looking at tables and inverse.

Whole class on same activity working through text book. Working out division problems by looking at inverse and filling in the blank.

Text books provided by parents for children to work through.

Focused on tests at end of the year. Heavy focus, very much like UK.
