

Willow Class Home-Learning Summer Term

Weekly Tasks Please do your best to complete these tasks every week.	Enrichment Ideas We encourage you to complete some of these over the whole term, as part of our ambitious curriculum for all.		
Flashback 4 Each week year 4 will be given a review of the week for topic, English and maths. This will be in the form of 4 retrieval questions. This will be a quick task to complete and help children to remember what they have just been learning.	British Values – The Rule of Law If you could come up with a set of 10 rules or laws that would help make the world a better place, what would these be?	Rights Respecting – Poster Competition Research the UNCRC. This gives you information about children's rights. https://www.unicef.org.uk/what-we-do/un-convention-child-rights/ Create a poster to showcase the importance of one of the articles.	
Reading Response The most important home-learning every child can do is to ensure that they are reading several times a week at home. Willow class love reading their books in the classroom – we need to remember to record our reading at home as well! We would love for our class to be at the top of the leader-board for home reading!	Art – Can you design a wallpaper in the style of William Morris? This will be good practise for our print-making in class.	History - Can you research and create a timeline of important events that took place across the Victorian era?	DT – Linked to our geography topic on India, can you make a traditional Indian meal? Could you write the recipe and review your meal?
Spellings A new set of words will be uploaded to Spelling Shed every week. There are also the Year 3/4 statutory words that are always available to practise. Times Tables Children can log in to TT rockstars to practise times tables. You can also access times table practise on Maths Shed. These are also some helpful links to practise on: https://www.timestables.co.uk/multiplication-tables-check/ https://www.topmarks.co.uk/maths-games/hit-the-button	Science – Choose an investigation from the sheets in the classroom. Carry out your own scientific enquiry at home. Present your findings in your book.	RE - In school we mainly learn about Hinduism, Christianity and Islam. Can you find out more about a different world faith? Present your research in a poster or fact file.	Computing – There will always be plenty of learning activities that you can find using your Purple Mash login.
