

## What to do today

*IMPORTANT! Parent or Carer – Read this page with your child and check that you are happy with what they have to do and with any weblinks or use of the Internet required.*

### 1. It's story time!

Go to <https://vimeo.com/170148486> and listen to the reading of *Bedtime for Monsters*, written and drawn by Ed Vere.

### 2. Answering questions about a story

Look at the page of *Bedtime Monster Questions*.

- Read each question carefully. Think of your answer.
- Tell someone at home what you think.
- Earn yourself a Monster Medal by also writing your answers down on the *Answers* page in your neatest handwriting.

### 3. Sequencing a story

Look at the *Bedtime Monster Picture Cards*.

- Cut up the cards and shuffle them.
- Lay them down in the right order for the story.
- Re-listen to the story if you get muddled.
- When you have got all the cards in the right order, tell someone in your family the whole story.
- If you are telling someone who is younger or more scared than you, reassure them that it is not scary in the end!

### Now try these Fun-Time Extras

- On *Bedtime!*, explain your bedtime routine in pictures and words.
- What is your favourite story to snuggle down to? On *My Favourite Bedtime Story* write down its name, draw a scene from it and then write a sentence explaining what happens in the story.

## Bedtime Monster Questions

- **Read** each question.
- **Think** of an answer.
- **Share** what you think with someone at home.

### What does the monster ride on?

What is the monster thinking as they are travelling?

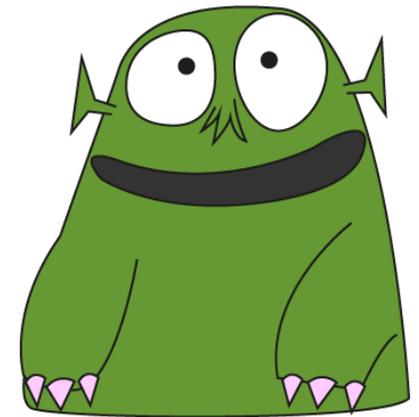

### How do you think the child feels when they hear that a monster is on its way?

How might you feel if a monster were climbing the stairs to your bedroom?

### What happens at the end of the story?

What does the monster actually want?

### What does the child leave out for the monster?

# Answers

A large rectangular area with a decorative border of colorful puzzle pieces. The interior is divided into 12 horizontal rows by thin grey lines, intended for writing answers.
