What to do today

1. Make some strange sentences

- Read *Strange Sentences.* Can you work out how they have been made?
- Write your own alphabet sentences. Each new word starts with the next letter of the alphabet. You can start anywhere in the alphabet and your sentence can be as long or short as you want.
- Make an illustration for one of the sentences.

2. Make a word chain

- Look at the *Word Chain*. All the words are about animals. Each new word starts with the last letter of the word before it. The last word in the chain is the same as the first.
- Try making your own Word Chain. You can make it about any subject. For example: sport, summer, foods, music.

3. Solve a wordsearch

- Choose one of the *Wordsearches* to solve. You could try to solve all three. (You can check your answers at the end of the pack).
- Use the *Wordsearch design* to make your own wordsearch. Think of a set of words. Write them in different places on the grid. Fill the rest of the grid up with random letters.
- Give your wordsearch to somebody else to solve.

Strange Sentences

A big cat does everything first.

All bananas can dream easily.

For good happiness, I just kick little meteors.

My new orange parrot quietly rests so the unknown viper will x-ray your zoo.
