Year 6 MTP

Science

Evolution and Inheritance

- Can I recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago?
- Can I recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents?
- Can I identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution?

Animals, including humans

- Can I identify and name the main parts of the human circulatory system and describe the functions of the heart, blood vessels and blood?
- Can I recognise the impact of diet, exercise, drugs and lifestyle on the way bodies function?
- Can I describe the ways in which nutrients and water are transported within animals, including humans?

Working Scientifically:

- Can I plan different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary?
- Can I take measurements, using a range of scientific equipment, with increasing accuracy and precision, taking repeat readings when appropriate?
- Can I use test results to make predictions to set up further comparative and fair tests?

Outdoor Learning Links – animals and environments
This term's scientists – Libby Hyman and Mary Leaky

ICT

Spreadsheets

- Can I create a spreadsheet to solve a problem?
- Can I use formulae?

Blogging

- Can I understand the use of a blog?
- Can I create a blog with a specific purpose?
- Can I appropriately comment on and respond to a class blog?

Music

Charanga – Classroom Jazz 2
Charanga - Happy

PE (Premier Sport)

Dance
Games

PSHE
