DOES BULLYING OCCUR HERE AT STANFORD SCHOOL?

Here at Stanford School, bullying rarely happens and if it does, it is resolved within a week or less.

How we resolve bullying:

What we do when someone is being bullied is:

1. Find out who the bully is
2. Find out why the bully is bullying
3. Tell them off
4. Inform the bully's parents that they are a bully
5. Problem solved

What we think about bullying:

Here at Stanford School, we do not tolerate bullying. Nobody should be upset just for being who they are. We have peer mentors and anti-bullying ambassadors so nobody gets upset too soon.
