5th May 2023

Dear Parents/Carers

Building Renovations Project

We are delighted to announce that work will start on the long-awaited major renovation of our site in June 2023. This million pound re-development scheme will provide the school with much needed improvements which will benefit the pupils. The development is being funded and managed by North East Lincolnshire Council in Partnership with Equans.

I am writing to inform you that the planned building works at the school will begin at the end of June 2023. Clearly a key objective is to minimise any disruption to both teaching and learning during the work and to ensure the safety of all during this time. Inevitably, there will be days during term time when the children and teachers will be affected by the building work. However, we will do our very best to find ways to keep disruption to a minimum and the majority of work will take place during the summer break.

We are taking this opportunity to make some significant improvements to the building by refurbishing existing classrooms and toilet facilities, an extension into the carpark and a small extension to the Foundation Stage area. The works programme aims for the renovations to be completed by end of August 2023, and we are excited that students will be able to use the facilities for the first time when they return/start school in September 2023.

During construction work, the site will be fully enclosed, as the safety of the students is paramount, and building work has been scheduled so there will be no impact on the learning of our current students.

We are extremely excited to be starting work on this eagerly awaited build. Rest assured, you will be kept fully up to date with the project and any implications during the build phase. In the meantime if you have any queries please e-mail office@stanfordschool.co.uk.

Finally, thank you for your continued support as we enter this period of growth and change for Stanford Junior and Infant School.

Yours sincerely

Leona Hackfath
